

Mobile Link™

Upgrade your Monitoring Experience with ecobee

Get Generator Updates Right from Your ecobee Thermostat

Now you can monitor your Generac home standby generator and receive status updates directly through your ecobee thermostat! All you have to do is connect your Mobile Link and ecobee accounts, and you can stay even more connected and informed about your home's energy needs.

DELIVERING ULTIMATE VISIBILITY AND PEACE OF MIND

Get the ultimate peace of mind with Mobile Link and ecobee. Along with all the great benefits Mobile Link provides, ecobee brings you even more! Here are just a few of the benefits you can enjoy when you link your accounts:

PEACE OF MIND

Delivers peace of mind that your home power needs are easily accessible within the home

AWARENESS

Provides immediate proactive awareness, giving you time to act quickly to matters requiring attention

PROTECTION

Keeps you connected to your Generac dealer, for quicker response time when you need it the most

TO ENJOY THIS FEATURE:

- 1 Connect your ecobee account to a Smart Thermostat (Excludes Smart SI and EMS SI thermostats)
- 2 Connect your Mobile Link account to a Generac home standby generator
- 3 Link your Mobile Link and ecobee accounts

Experience Comfort, Convenience, and Peace of Mind

It's time to stay even more connected and informed about your home's energy needs. To enable this capability, you just have to connect your Mobile Link and ecobee accounts.
