

GENERAC®

the power of freedom

Go where you want with
the full charge you need.

Generac EV Charger Level 2 Plus (40A or 48A)

8X FASTER THAN L1 CHARGERS

Get to a full charge faster and add up to 30 miles of range every hour. Power Boost Technology allows you to direct maximum power to vehicles without disrupting the rest of your home.

EASY APP MANAGEMENT

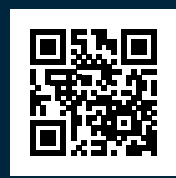

Charge smart anytime from anywhere. Save money by scheduling overnight charge or other non-peak times, set reminders, get instant alerts and track usage, speed and completion times.

GLOBALLY TRUSTED BRAND

Generac has 65 years in home energy expertise, with a presence in well over 5 million homes. Connect with the widest reaching network for sales, installation and support.

Invest in a Greener Future With Generac

Discover the power of fast,
smart and reliable EV charging
today. To learn more or request
a free consultation, visit
